After graduating from medical school, Brown worked as a physician for several years. However, she soon realized that she was more interested in social work than in medicine. In 1872, she founded the Philadelphia Society for Organizing Charity, one of the first organizations in the United States to provide social services to the poor.

Brown was a passionate advocate for the rights of people with disabilities. In 1875, she founded the Pennsylvania Association for the Blind, which

provided services to blind people in the state. She also worked to improve the lives of people with mental illness, and she was a strong supporter of the movement to deinstitutionalize mental hospitals.

Brown was a tireless advocate for social justice. She believed that everyone deserved to have a chance to live a full and productive life, regardless of their circumstances. She was a strong advocate for women's rights, and she also worked to improve the lives of immigrants and African Americans.

Brown's work had a profound impact on the field of social work. She was a pioneer in the development of social work as a profession, and she helped to establish many of the principles and practices that are still used today. She was also a tireless advocate for the rights of people with disabilities, and her work helped to pave the way for the disability rights movement.

Brown died in 1926 at the age of 83. She is remembered as one of the most important figures in the history of social work and disability rights. Her legacy continues to inspire social workers and disability rights advocates today.

Brown's Early Life and Education

Emma Folly Carolyn Brown was born on September 22, 1843, in Philadelphia, Pennsylvania. Her father, George Brown, was a wealthy merchant, and her mother, Mary Ann Brown, was a devout Quaker. Brown had a happy childhood, and she was raised in a loving and supportive home.

Brown was a bright and curious child, and she excelled in her studies. She attended the Friends Select School in Philadelphia, and she graduated from the University of Pennsylvania in 1864 with a degree in medicine. She was one of the first women to graduate from medical school in the United States.

Brown's Career in Social Work

After graduating from medical school, Brown worked as a physician for several years. However, she soon realized that she was more interested in social work than in medicine. In 1872, she founded the Philadelphia Society for Organizing Charity, one of the first organizations in the United States to provide social services to the poor.

Brown was a passionate advocate for the rights of people with disabilities. In 1875, she founded the Pennsylvania Association for the Blind, which provided services to blind people in the state. She also worked to improve the lives of people with mental illness, and she was a strong supporter of the movement to deinstitutionalize mental hospitals.

Brown was a tireless advocate for social justice. She believed that everyone deserved to have a chance to live a full and productive life, regardless of their circumstances. She was a strong advocate for women's rights, and she also worked to improve the lives of immigrants and African Americans.

Brown's Legacy

Brown died in 1926 at the age of 83. She is remembered as one of the most important figures in the history of social work and disability rights. Her

legacy continues to inspire social workers and disability rights advocates today.

Brown's work helped to establish many of the principles and practices that are still used in social work today. She was a pioneer in the development of social work as a profession, and she helped to lay the foundation for the modern social welfare system.

Brown was also a tireless advocate for the rights of people with disabilities. Her work helped to pave the way for the disability rights movement, and she is considered one of the founders of the movement.

Brown's legacy is a complex and inspiring one. She was a pioneer in social work and disability rights, and she dedicated her life to fighting for the rights of the poor, the disabled, and the disenfranchised. Her work has had a profound impact on the world, and she is remembered as one of the most important figures in the history of social justice.
