

Hornblower: Addendum — Five Stories from the Hornblower Saga #12

C.S. Forester's Hornblower series is one of the most beloved and enduring works of naval fiction. The series follows the adventures of Horatio Hornblower, a young British naval officer during the Napoleonic Wars. Hornblower is a complex and compelling character, a man of courage and determination, but also flawed and vulnerable.

Hornblower: Addendum is a collection of five short stories that were not included in the original Hornblower series. These stories provide a fascinating glimpse into Hornblower's life and career, from his early days as a midshipman to his later years as a commodore.
